FOR IMMEDIATE RELEASE

Northbound I-5 Overnight Lane Closures - Silverbow Ave. to Pioneer Blvd.

Norwalk - The California Department of Transportation (Caltrans) announces the scheduled overnight closure of one lane of northbound Interstate 5 (Santa Ana Freeway) between Silverbow Ave. and Pioneer Blvd. next week to install girders on the second half of the San Antonio Bridge. Closures are subject to change and are scheduled as follows:

Tuesday, Apr. 3 and repeating the night of Wednesday, Apr. 4:

- Northbound I-5 right lane closed from Silverbow Ave. to Pioneer Blvd. from 10 p.m. to 5 a.m.
- Northbound I-5 Norwalk Blvd. off ramp closed from 7 p.m. to 5 a.m.
- Norwalk Blvd. / San Antonio Dr. will also close from Adore St. to Olive St. from 8 p.m. to 6 a.m. each night.

Only if necessary, the same closures may be in effect the night of Thursday, Apr. 5.

These closures are scheduled for separate nights and will re-open each morning. Please go to our Planned Lane Closure web page to confirm closures each night at <https://lcswebreports-new.dot.ca.gov/SearchPreAction.do?district=7>.

Please be aware that there is also an ongoing overnight repaving project on southbound I-5 between Washington Blvd. and I-605 Wednesday nights through Saturday nights with at least one lane open at all times.

Detours signs will be in place. Consider using southbound I-710 (Long Beach Freeway) to eastbound State Route 91 (Artesia Freeway) as an alternate southbound route and westbound SR-91 to northbound I-710 as an alternate northbound route.
